

Screen Free Friday!

Fri 12th June

After you have completed your spellings, spelling sheets, phonics, tables, mental maths, have some fun away from screens today! Here are some ideas for this week!

1. **Complete your 5km challenge.** You can walk, run, cycle, scoot, over a period of 2 weeks. You might even want to dress up whilst completing your challenge! We have set up a JustGiving page on school Facebook page
2. **Enjoy some board games.** Doing maths and Literacy without even realising it! Good maths skills hidden in Ludo, Snakes and Ladders, Scrabble, Monopoly, Draughts, Dominoes
3. **Create a Garden Mobile.** Find and use twigs and sticks and some string or wool to create stars. Put them together and you could create a colourful mobile for the garden!
4. **Kindness!** Make something for someone else; a card, a cup of tea (be careful!), do a chore without being asked, call your grandparents, help a brother or sister, write a letter or make a card for a friend. You'll feel so good inside!
5. **Practice for virtual sports day tomorrow!** Practice your favourite games and skills; football, bat and ball, throwing and catching. Set up a training circuit.
